Vocational Visions enhances our community by developing the talents of adults with Intellectual & Developmental Disabilities. We create pathways to employment, life-long learning, and social inclusion.

Dear Friend,

2018 has been a year of achievements for the individuals that choose Vocational Visions to help them achieve their goals and become active members in the community!

Our participants have goals and dreams much like yours: a meaningful job, a place in the community, and a life shared with family and friends.

Our Wish List

- Cash register for the participants interested in learning before receiving employment
- Vans for all departments so we can take more participants out in the community
- Games, books & art supplies for the activity programs
- Cameras, paper supplies and cabinets for our Adult Development Program

Your gift will help us check these items off the Wish List! When you make a gift to Vocational Visions, you help us faithfully live our mission so the people we serve can realize what many of us take for granted. It is the season of giving, and we hope you will make a gift to Vocational Visions using the enclosed envelope, or make your gift online at www.vocationalvisions.org.

All of us at Vocational Visions wish you a holiday season filled with great joy and peace.

Kind Regards,

Joan McKinney
